## WRITING - 10 баллов

Kaliningrad — is the most beautiful city in architecture!

Why? Because:

— History: it was a small village around ~~a~~ <sup>the</sup> woods, ~~then this~~ became Prussian city Königsberg, and then, after winning the WW2, Königsberg renamed to Kaliningrad and joined the USSR.

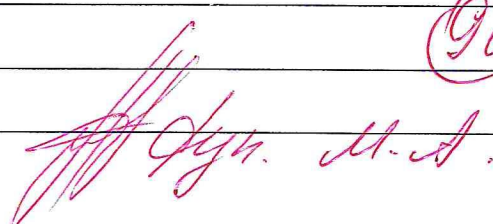

— Architecture: ~~in this city~~ ~~even right now~~ is saved German architecture with very interesting history! ~~is saved right now~~

Also, Kaliningrad has ~~many~~ souvenirs, which ~~is~~ <sup>are</sup> made from amber; amulets, rings etc.

You better come in early summer, because the weather is ~~not~~ <sup>not cold</sup> and not hot. Also biggest part of tourists come in the mid summer, so you can come earlier than the most of tourists.

We are waiting <sup>for</sup> you to visit our city, to tell all history moments and show all old architecture!

Dear reader,

Today I'd like to show you my favourite photo of all the time. It's pretty small but the memories from it are big. So, on this photo there is my family on our package holiday, while playing volleyball near our camp by the beach. For some people there is nothing special about it, but if you take a closer look you'll see how I'd managed to take the photo of the breathtaking Kaliningrad nature: the oak's, the flowers, the waves of the Baltic sea and finally the smiles of my loved ones. It's really a wonder how everything <sup>100</sup> on this photo have a heartwarming atmosphere. This photo is so special to me because it always brings me the best memories of our last summer that I always like to come up with on the hard times whenever I need to feel something wonderful.

Well, if you ever manage to go to Kaliningrad, remember to bring your family with you!

Best wishes,

Tonyd

## WRITING

Ice  
~~Snowy~~ walk.

Each and every one of us has had a photo which is extremely dear to them. I own this one as well and I am going to tell about it.

It is a photo taken a year ago (presumably March 2023) on the Baltic Sea, near Pionersk town. The breathtaking scenery of ~~might~~ <sup>so</sup> might ultramarine water and small ice glaciers shown on the photo have made a lasting impression on me. Azure sky, without any hint of a cloud, is reflected in peaceful waves. As for the story behind the photo, it all began with me being bored at aunt's house, so I came up ~~with~~ with an idea to wander ~~around~~ <sup>100</sup> around the seaside. Despite such mundane backstory, this shot has a purpose. It reflects my own love for nature, as well as the bitter longing for a paradise that is lost in time and space.
